Concern Worldwide is an international humanitarian organization working with the world's most vulnerable people in the hardest-to-reach places across 25 countries.

## What We Can Offer Media

### Firsthand, On-The-Ground Reports

Concern Worldwide responds within moments when humanitarian crises hit - and we stay long after the headlines fade. We can provide firsthand, on-the-ground reports directly from our teams as they seek the most vulnerable communities in the hardest-to-reach areas during disasters.

### Expert Comments and Opinions

Concern Worldwide is a dual-mandated organization that responds to immediate emergencies while focusing on longer-term development to help communities lift themselves out of poverty. We can speak to the topics at the heart of international news stories, from conflict and climate change to hunger and displacement.

### Access to Quality Multimedia

Concern Worldwide has access to capturing and sharing high-quality photos and videos to accompany interviews, quotes, and stories to highlight the humanitarian crises we respond to and the development work we continue across the 25 countries we operate in.
