ABOUT CONCERN

In 1968, **Concern Worldwide** began as a small grassroots movement focused on alleviating human suffering in response to a single emergency in one country. Almost **60 years later**, it is because of supporters like you that we celebrate over half a century of steadfast commitment to ending extreme poverty - whatever it takes - **for the world's most vulnerable communities** in the hardest-to-reach places across **24 countries**.

As the need remains greater than ever, we are more determined than ever to **address the causes and consequences of extreme poverty** - including **hunger**.

By maintaining deep roots from our earliest days in effective emergency response, **Concern Worldwide** is proud to stand as a global team who turn your concern into action by powering long-term, **community-driven solutions** to ensure that the most vulnerable communities achieve major improvements in their lives which last and spread without ongoing support from Concern.

WHAT TO EXPECT

Last year, **we brought together a powerful group of supporters and changemakers** to unite to fight hunger. Together, we raised **over one million dollars** to support Concern's health and nutrition programming during a time when a **global food crisis** threatened the lives of the world's most vulnerable communities.

The **2026 Concern Global Gala: Unite to Fight Hunger** will be Concern's interactive journey around the globe with music, dancing – interwoven with powerful stories from those on the frontlines of the **global food crisis** who are most impacted by your support.

When you join us for the Concern Global Gala: Unite to Fight Hunger, you share our vision of a world without hunger.
